As I Have Looked At Most Recently With Regards To Psychological Operations Done Both By The Military and Civilian Intelligence/Enforcement Agencies Is The Combination Of These Operations Targeted At A Specific Demographic Of The Population. Mainly Those Who Are Aboriginal, Metis, Disabled, Transgendered and Ethnic or Religious Minorities. Who Are Automatically Selected Based On Lifestyle Choices, Behavior and Physical Characteristics To Worked Be Against Themselves and Their Communities In A Way That Brings Pain and Suffering Onto The Rest Of The Community. Someone Once Told Me That Spies and Police Officers Usually Target A Person's Subjective and Objective Mindset or Their Emotions and Logic All At The Same Time To Garner A Psychological Response. This Could Be Identified As Triggering or Instigating Someone To Produce An Aggressive or Passive Response Depending Who Is The Target. Which Can Be Factored Into Their Age, Racial, Religious, Gender and Social Status. This Can Be Also Be Defined As Class Warfare Which Eclipses Into Psychological Warfare Operations.

Psychological Operations Works In Three's Based On The Works Of Sigmund Freud, Carl Jung

and BF Skinner It Is Designed To Incite Fear Into A Target. Then Condition That Target Into A Scenario That He Or She Cannot Escape. Using Conventional Methods Like The Legal System To Prove The Existence Of A Crime Being Committed Against The Person. Who Has Been Wrongfully Targeted By Someone Within The Eyes Of Law Trying Lay Blame Where No Blame Exists.

Double Crossing Operations Involve Both The Military and Civilian Enforcement Agencies.

This Is Apart Of HUMINT Operations The Type Of Operations That Have Put Me In A Situation Where I Could Have Become An Unwitting Participant In A False Flag Operation or Covert Action Operation.
